

Hello BVYSA parents and players,

Here at BVYSA we have many new things to share with you in the upcoming season and year:

- We are sending registrations out via email to make it easier to register for our parents. Just print the attached registration form and mail it back early to save money. If you are not able to print the form they are available at New Release Video and Town Hall.
- We are going to have a new U-14 program this season similar to the U-12 inter mountain program we had in the Fall of 2010, this depends on enrollment. This will be a competitive team that will travel some, mostly in the valley. Depending on the numbers, for U-14 and U-12 inter mountain competitive teams try outs may be necessary.
- We will be having on-site game-day training for our referees. If you have an interest in becoming a referee please contact Tina Stokes at 719-530-8663. This is a great way to make some money and help our program grow. This is for ages 10 and up only.
- We are offering our coaches a coaches clinic for the upcoming season. If you are considering coaching we will help train you. Our program is only successful because of volunteer coaches. Please volunteer, we are in need of coaches, and we will train you.
- 
- We are also offering a one day Futsal training clinic with coach Megan Mohn. This will be held Saturday, February 19, 2011 at BVHS or APE for U-10's, U-12's, and U-14's. Watch for an email to follow.
- 
- For more info go to our website, which we are currently updating, at [bvysa.org](http://bvysa.org).

Thank you for participating in BVYSA, The BVYSA Board  
Remember we run on volunteers so please consider coaching  
your child in the upcoming season!
